Subject: Request for Extension of Board of Equalization Deadline

Dear Commissioner Valentine,

On behalf of the Davis County Board of Equalization, I am writing to formally request an extension of the deadline for considering property tax appeals. Pursuant to Utah Code §59-2-1004, the Board respectfully requests an extension until December 31, 2025.

Our county has received a significant number of appeals, totaling over 600, which has created a substantial workload for our office. To compound this issue, our Hearing Officers were not fully in place until the beginning of October 2025. This delay has prevented us from processing and scheduling hearings in a timely manner.

The requested extension is necessary to ensure that all appeals are given fair and proper consideration. The additional time will allow us to hear all cases and issue timely decisions, preventing a backlog that would be detrimental to both the county and its residents.

We appreciate your consideration of this request. Should you require any further information, please contact me at (801) 451-3332 or slaulu@co.davis.ut.us.

Sincerely,

Sulika Laulu
Tax Administration Manager
